### **Committee Overview:**

The CREW Denver Membership and Networking Committee provide a central resource for membership information and processes and reviews and approve new member applications. Committee members actively recruit new members to join CREW Denver and CREW Network and work to retain existing members. The networking component promotes and enhances business among CREW members. This committee is always testing new methods and formats to maintain and increase CREW's value as a networking organization for real estate professionals.

### **Committee Member Duties:**

Committee members are responsible for creating member benefits, membership recruitment and retaining existing members. Involvement also includes planning and coordinating networking events such as locating and securing venues, caterers, vendors for events (and sampling!), coordinating with other committees for announcements as well as budgeting.

### **Estimated Time Commitment:**

Committee meets once a month for 30-90 minutes. Additional time commitment needed as events are held and during membership renewal season (first quarter). Time investment is flexible depending on volunteer availability.

### **Timing of Membership and Networking "Events":**

The Membership and Networking Committee plans approximately 5 events per year. The largest events are the Fall Members Only Event and Winter/early Spring Wine Tasting Event. Membership renewals take place in first quarter.

### **Benefits of Serving on Committee:**

Membership and Networking Committee volunteers get the opportunity to interface with new members and have regular interaction with the CREW Denver membership base. Volunteers plan all networking events, which enables committee members to interface with each other over the course of the year.

### **Meeting Time/Location:**

Committee meetings are generally held on the second Wednesday of the month over the lunch hour in downtown Denver.
