CREW Denver is pleased to announce that Mickey and Kyle Zeppelin of Zeppelin Development are CREW Denver’s latest Step-Up Award recipients. The award honors commercial real estate leaders in Denver who have stepped up to create community through real estate. Mickey and Kyle Zeppelin have been on the forefront of redevelopment efforts in downtown Denver, LoDo and RiNo. Most recently, their projects include TAXI and the Source. Mickey and Kyle have stepped up for the Denver community by addressing community trends and needs in their developments. For instance, they recognize that women are a major part of the workforce, and have built in daycare facilities into their developments. They recognize the need for family housing in Denver, and have therefore included townhome style units in their RiNo development. Mickey and Kyle Zeppelin are pioneers of the Denver commercial real estate industry and we are pleased to recognize their tremendous work!

Join us at the Martini Mixer on July 27th for an evening of networking over martinis, and to congratulate Mickey & Kyle Zeppelin!

**August 16: Silicon Mountain: Startups Rising in Denver**

Denver's reputation has evolved from a former "cow town" into a national think tank of startups. Such companies as Ping Identity, FullContact, and ProtectWise have made it a point to call Denver their home. We hope you'll join us to hear firsthand how some organizations are influencing and responding to the growth of startups, as well as from one Denver-born real estate startup.
